European Conservatives and Reformists (ECR) Party

We are united by our centre-right values, as expressed in the Reykjavik Declaration. The ECR Party is dedicated to individual liberty, national sovereignty, parliamentary democracy, private property, limited government, free trade, family values and the devolution of power.

These values underpin our politics, including our vision for a reformed European Union. Europe stands at a crossroads and the ECR Party's agenda for reform has never been more relevant than it is today. Join our movement, and help us advance a Europe – and a world.

About
the event

Our delegation will discover the city sacred to the three religions of the Book, Judaism, Christianity, and Islam.

The agenda will include the conference: "Conservative, Audacious and Pragmatic Solutions to Water and Agricultural Challenges".

With water resources running scarce and global warming increasing the length and occurrence of dry spells in Europe we turn to the other side of the Mediterranean, to Israel. A land bare and desertic just a few decades ago that today successfully sustains a growing and prosperous population. This is not only due to the great human effort deployed in the construction of Israel but also to the implementation of bold innovations in Water management and agricultural methods that have permitted to meet these challenges. With many opportunities for collaboration both governmental and at the industry the ECR Party is organising its next event part of its "ECR Party Culture Weekends' ` initiative to meet with our Conservative counterparts Likud across the Mediteranean.
